

Your Household Energy

Save money, save energy & help save the planet!

Wilbrahams' Environment Group

invite you to an evening of practical tips to reduce bills and save energy

- What can you do to insulate your home better?
 - Is solar suitable for your house?
- What is it like to install/live with an air source heat pump?
- How can you cook well while using less energy?

Monday June 20th at 7.30 pm
The Wilbrahams' Memorial Hall
